

My name is Nicole Adkins and I am a new Teacher's Aide at Peace Lutheran Preschool. I have two children who attend Peace. My oldest daughter has attended the preschool for two years now and my youngest daughter will be attending as well. My family is also apart of the Peace Lutheran Church Congregation, which is a very important part of our lives. I have been a Stay at Home Mom for the past 5 years which has been very rewarding for me. I have enjoyed my time as a Homemaker and in the process, I've realized how much I truly enjoy being around children and teaching at a preschool level. I went to Elgin Community College in the Northwest Suburbs of Chicago working towards a Business Communications Degree. I have plans to put my focus and dedication in earning a degree in Early Childhood Education now while being an employee at PLP.

My goal as a Teacher's Aide is to provide a pleasant, educational atmosphere for all the children, in a Christian influenced environment. I look forward to an exciting year, meeting the children, their parents and creating wonderful memories.
